

REVEGETATION / FREE PLANTS FOR MEMBERS

Moorabool Catchment Landcare Group provides a revegetation program each year that can provide: free Plants, free guards and stakes to full members

There are a range of opportunities throughout the year to access free plants for Landcare members (this may be dependent on grants available).

For full members, we offer the opportunity from time to time to obtain anywhere from 50 up to several 1,000 plants for revegetation projects. Plants can range from: wildflowers and understorey, shrubs and trees or Wetland plants. Plants are sourced from:

- Barwon Water (May – June – each year)
- Corangamite Catchment management Authority (CCMA waterway programs)
- DELWP or State related grants (Mid-year - Spring)
- Philanthropic grants (Mid-year – Spring)
- Federal grants (Mid-year)
- Gardens for Wildlife Program (Aug – Spring)

For Associate or Landcare members, free plants can also be provided via our stalls at:

- Ballan Autumn Fair (March)
- Trees for Mum (May)
- Gordon Fair (November)

Landcare members are contacted via Email, Newsletter or post when the next available order of plants will be available. The free plants are very popular, so it is first in, best dressed! To find out more contact the MCLG Landcare coordinator on bottom of page.
